

We are a company specialized in providing services as an International Logistics Operator, committed to supporting our clients at every stage of the foreign trade logistics chain. Our approach is focused on offering comprehensive solutions that meet their needs and expectations, as well as those of other stakeholders involved in the service.

We have the operational capacity to provide national and international logistics services, covering air, sea, land, and multimodal cargo transportation, aiming to ensure efficiency, safety, and quality in every operation.

At **TIBA ARGENTINA S.A.** we recognize that quality, environmental stewardship, and the health and safety of our workforce are fundamental values. Accordingly, the Executive Management is firmly committed to:

- Apply and maintain a management system complying with all applicable legislation and regulations related to our activities.
- Establish objectives and foster a collaborative approach to ensure the achievement of defined goals.
- Guarantee the provision of adequate resources to deliver high-quality services to our clients, while safeguarding employee well-being and ensuring responsible environmental management across all operations.
- Effectively manage business, environmental, and occupational health and safety risks and opportunities.
- Preserve and protect the environment, including the prevention of pollution.
- Ensure safe and healthy working conditions to prevent work-related injuries and illnesses, by systematically reducing hazards and occupational health and safety risks.
- Encourage and facilitate active consultation and participation of workers.

These guidelines, established in accordance with ISO 9001, ISO 14001, and ISO 45001 standards, guide our commitment to managing the continuous improvement of our processes in order to achieve the highest levels of customer satisfaction, through safe and healthy operations for our employees and environmentally responsible practices that contribute to the growth of our company.
